

AMENDED IN ASSEMBLY APRIL 28, 2010

CALIFORNIA LEGISLATURE—2009–10 REGULAR SESSION

ASSEMBLY BILL

No. 2047

Introduced by Assembly Member Hernandez

February 17, 2010

An act to ~~amend, repeal, and add~~ *amend* Section 66205 of the Education Code, relating to public postsecondary education.

LEGISLATIVE COUNSEL'S DIGEST

AB 2047, as amended, Hernandez. Public postsecondary education: admissions policies.

Existing law, the Donahoe Higher Education Act, sets forth, among other things, the missions and functions of California's public and independent segments of higher education, and their respective institutions of higher education. Existing law establishes the University of California, under the administration of the Regents of the University of California, and the California State University, under the administration of the Trustees of the California State University, as 2 of the public segments of postsecondary education. Provisions of the Donahoe Higher Education Act apply to the University of California only to the extent that the regents act, by resolution, to make these provisions applicable. A provision of the act expresses legislative intent with respect to the determination of standards and criteria for admission to the University of California and the California State University.

This bill would authorize the University of California and the California State University, ~~until January 1, 2020~~, to consider ~~race, gender, ethnicity, national origin,~~ geographic origin, and household income, along with other relevant factors, in undergraduate and graduate admissions, ~~so long as no preference is given, if and when the university,~~

campus, college, school, or program is attempting to obtain educational benefit through the recruitment of a multifactored, diverse student body. The bill would express legislative intent that the authority granted by the bill be implemented to the extent permitted by relevant case law and in conformity with a relevant provision of the California Constitution. *The bill would also authorize the University of California and the California State University to consider race, gender, ethnicity, and national origin, along with other relevant factors, in undergraduate and graduate admissions, to the maximum extent permitted by the 14th Amendment of the United States Constitution and relevant case law.*

The bill would require the trustees, and request the regents, to report, in writing, to the Legislature and the Governor by November 1, 2012, on the implementation of the provisions of the bill. The bill would require these reports to include information relative to the number of students admitted, disaggregated by race, gender, ethnicity, national origin, geographic origin, and household income, and compared to the prior 2 years of admissions.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: no.
